

Subject: Claim Your Gift

PRESS RELEASE

Dallas, Texas. February 19, 2010

FOR IMMEDIATE RELEASE...A picture can be worth a thousand bucks™

North Texas' premier third party home inventory service, Home Inventory Experts™, launches a new package designed as a unique thank you gift used by realtors, mortgage brokers, and closing and title companies. The Photo Folio™ provides third party verified high resolution digital proof of everything in a residence or business. This one of a kind thank you gift shows the home owner that their happiness and security continues to be important well after the sale.

Imagine the gut wrenching devastation of a robbery, fire, flood, or tornado. Compound that devastation with the emotional toll of regaining your family's sense of security. During all of this turmoil, attempt to create a level-headed and comprehensive list of everything affected including the condition, quantity, size, and all identifying markings, and you will find it next to impossible. This is exactly what happens to North Texans everyday; and everyday, regular ol' people like you and me lose thousands of dollars simply because they don't have a photographic memory. If this happened to you, how would you recover? Once you realize what you've forgotten, it's too late.

With a current Photo Folio™, home and business owners are able to compile accurate and comprehensive claim forms. Insurance industry leaders agree that with a current home inventory, claims are settled much faster and for drastically higher amounts. A current home inventory greatly aids law enforcement with stolen item identification.

A Photo Folio™ for a home or business less than 5,000 square feet is only \$250. Considering the importance of being able to remember everything you own and create a list of all possessions, the cost of a Photo Folio™ is priceless!

Home Inventory Experts was formed after discovering that over \$5,000 of stolen items were inadvertently left off insurance claim forms after a home robbery. That's right, while dealing with the emotions and trauma of a home robbery, over \$5,000 worth of rarely used items were forgotten from a 1,200 square foot starter house! Home Inventory Experts™ is a fully insured, bonded, and certified third party home inventory service in North Texas.
